School Board Adopts Compromise Tax Cut; New Levy Is 33 Mills On Real Estate And \$7.50 Head Tax

Adopting a compromise plan proposed a month ago, the members of the Gettysburg School Board Monday evening voted a two-mill cut in the millage rate and reduced the head tax by \$2.50.

The school tax rate for this year will be 33 mills on real estate and a head tax of \$7.50. Last year the rate was 35 mills with a \$10 head tax.

The tax rate was fixed in connection with the adoption of a \$250,000 budget which had been examined in some detail a month ago and which, directors agreed, cannot be cut.

Elect Treasurer, Collector
The tax decision represented a compromise between two proposals. One suggestion was that the entire reduction be made in the millage on real estate while the other was that the millage remain at 35 and the cut be made on the head tax alone.

Following the established custom of rotating the school district trusteeship between the two local banks on a four-year cycle, the board elected the Gettysburg National Bank as treasurer to succeed the First National Bank.

J. Herbert Weikert was elected as tax collector for the school district and his commissions were continued at the same rate as for the last year. He will receive a 2½ per cent commission until the penalty period begins when the commission goes to 5 per cent.

Defer Action On High Street
After a brief discussion it was voted to defer action for another month in the matter of selling the High Street School building. President Ray J. Kitzmiller said a member of the Borough Council had asked for a delay until a report in the matter could be made to council Monday evening by a committee asked to study the suggestion that the town acquire the school property.

Mr. Kitzmiller said he believes it is becoming understood more generally that the school district cannot give the school to the town or sell it at a special price as some have suggested. Legal advice to the board has stated that the building can be sold either at public auction, by sealed bids or at private sale with court approval.

President Kitzmiller reported to the board he had told the councilman that the school board is not in any rush to dispose of the property but at the same time has no desire for undue delay in the matter.

Tax Cut Is Temporary
The tax discussion occupied most of the time and renewed briefly a discussion that was held at more length a month ago with directors.

XI ALPHA CHI DONATES \$100 TO HOSPITAL DRIVE

A donation of \$100 to the Warner Hospital Building fund, to be paid over the next two years, was voted by the Xi Alpha Chi chapter of Beta Sigma Phi at its meeting Monday evening at the sorority rooms on Lincoln Square.

Final arrangements were discussed for a Mother and Daughter covered dish supper to be held Wednesday evening at the Adams Electric Cooperative Building. Arrangements were made for the chapter to visit Allenberry Monday evening, June 13, for dinner and a play. Reports were presented on the recent Middle Eastern Area convention, by Ruth Knouse, Mary Lou Kranias and Mary Kay Baughman. A visit to the Battlediorama will be made June 20, it was announced.

Monday evening's program was presented by Mrs. Edith Riley.

BASEHORE SAYS BOROUGH IS ON "PAYING BASIS"

Tax collections put Gettysburg on a "paying basis" last month, according to the financial report made by Treasurer John H. Basehore to borough council at its meeting Monday evening at the engine house.

J. Herbert Weikert, tax collector, turned in \$5,621.31 in 1955 taxes, and as a result, with other collections, the town took in approximately \$2,700 more than it spent. For the last several months, during which tax income has been practically nonexistent, the town has been dipping into its reserves to meet the monthly deficit. The procedure is normal, with the town building up a reserve during the months when taxes flow in to carry it through the taxless months.

Income for the month was \$3,833.15, including the taxes, \$2,100 from the parking meters \$192.63 from the Gettysburg Country Club, \$60 in fines from the two local justices of the peace, and \$359.21 from Burgess William J. Weaver.

Expenditures totaled \$6,127.18 including \$2,213 for general government, \$2,503.30 for protection to persons and property, \$90.14 for health and sanitation, \$2,372.84 for highways and \$776.77 for lights. The town started with a balance of \$38.

Girl Scout Council Will Incorporate

The Adams County Girl Scout Council is asking to be incorporated as a non-profit corporation. The petition was filed Monday with the prothonotary.

The purpose of the group, according to the petition, is "to offer all girls, aged seven through seventeen, and residing within its jurisdiction, an opportunity to participate in the Girl Scout program, in accordance with the purpose of the Girl Scouts of the United States of America, which is to help girls develop as happy resourceful individuals, willing to share their abilities in their home, and as citizens in their communities, their country, and the world." Also listed as purposes are to develop the scouting program, and to handle Girl Scout property.

The directors of the council are listed as: President, Mary L. Baker, R. 2; first vice president, H. Theda Schwartz, Eglerville; second vice president, Mary L. Robinson, Baltimore St.; secretary, Ruthetta C. Sheads, Fairfield, and treasurer, Rosea B. Armor, Baltimore St. Those ladies are also listed as the incorporators. The office is in the First National Bank building, Chambersburg St.

Polio Vaccine Protects For 6 Months Or More; Can Hold Second Inoculation 30 Months

By ALTON L. BLAKESLEE
AP Science Reporter

ATLANTIC CITY, N. J. (AP)—Dr. Jonas E. Salk today answered some of the most critical questions in parents' minds about his polio vaccine.

Does just one shot give some protection? Yes, Salk said. It gives a large degree of protection, lasting up to six months or longer.

If a child has had one shot, is paralytic polio more likely or less likely to occur? Less likely, he said.

Does the giving of one shot increase his chances of getting polio? No, it reduces the chances. Does the second shot have to be given soon? Can Delay Second Shots

No, he said. It apparently can be delayed for up to 30 months, without having to start the vaccination process all over again.

Can the second shot be given during summertime, when polio is in its peak? Yes, it is perfectly safe to give the second shot then.

Should a child be given his FIRST shot during summertime, when polio may be widespread? The consensus is that it can be given then, Salk said. There can be a risk, but it is slight on the community-wide basis.

Can a child who has been vaccinated pass polio on to his brothers, sisters or parents? Yes, this is possible, and this could explain some of the cases of polio occurring now in families of vaccinated children.

Salk explained why this can happen, in an address to the American Academy of Pediatrics.

TRAFFIC LIGHTS IN SQUARE ARE "DEAD ISSUE," COUNCIL TOLD

"Traffic lights in Lincoln Square are a 'dead issue,'" Councilman John Fox said Monday night at the meeting of borough council in the fire engine house on E. Middle St. Apparently other councilmen agreed.

At the opening of the meeting the borough secretary, Mrs. Anna Dracha, read a letter signed by R. R. Coleman, traffic engineer for the State Department of Highways.

The letter called attention to traffic signal permit, No. 3947, granted Gettysburg on December 9, 1954 authorizing the borough to place traffic lights at Lincoln Square.

Permit Expires Thursday

Coleman's letter said that if such permits are not put into effect within six months after date of issue they become null and void unless extended by the state. Coleman's letter added that if the borough was having difficulties in obtaining wiring, supplies, etc. or had other reasons why it might need an extension of time for the permit, the state would grant an extension upon the borough's request.

When council President H. M. Oyer said "what are we going to do about this letter?" Fox reported: "As far as the square is concerned, I think lights are a dead issue now. A lot of people who were for it before are opposed to it now." Councilman Mahlon P. Hartzell observed, "I think in a couple years there won't be so much traffic on the square, there will be roads around the town and that will solve the problem."

There was no further comment or vote. The permit will expire Thursday.

\$12,000 Ditch

Plans to place an 18-inch storm sewer in a proposed alley between E. Lincoln Ave. Ext'd. and E. Barlow St. were discussed at some length, with the question apparently one of whether to put in only part of the stormsewer this year, or to extend it to a greater length. The council finally adopted a motion calling on Borough Engineer LeRoy Winebrenner to obtain releases from the property owner, and draw plans for an ordinance to be acted on within the next month or two.

Water enters the proposed alley from two 12-inch mains and "is digging a large ditch and is a mosquito breeder," councilmen said. Until the alley is ordained as a public thoroughfare the town cannot dig it.

PLAN 5 SCHOOLS ON MASS CARE IN THIS COUNTY

Plans for five schools to train 450 county women in the operation of mass care centers in the county in the event of enemy bombing, were announced today by the Rev. W. R. Sammel, R. 3, chief of Emergency Welfare Services for the county.

With the announcement, Rev. Sammel coupled a further plea to pastors or officials of the 75 churches in the county each to send in names of the six women from their organization who will undergo the training. Six women from each church are asked to serve as a trained corps to head up operations of mass care centers in the event any particular church is chosen as a center in the event of bombing or natural catastrophe nearby which would call upon Adams County to shelter refugees.

So far 30 churches have forwarded the names of 174 women who will take the courses. Asking the other churches to respond at once, Rev. Mr. Sammel observed: "If it is necessary that mass care centers be opened in the county and staffed night and day, any one of the churches might be chosen as a center. Knowing of its use beforehand, and certain that a competent trained staff of persons of its own membership will be in charge of it, any congregation and its officials would feel much more comfortable than if strangers had to take over."

Schedule for Schools
First of the classes will be held June 14 and 15, next Tuesday and Wednesday, at the American Legion home, Baltimore St., from 7 to 10:15 p.m. each night for churches of Gettysburg, Granite Hill, Guildens, Hunterstown, New Chester, New Oxford, East Berlin, Hampton, Abbotstown, Greenmount, Barlow and the surrounding communities of those areas.

The second school will be held June 15 and 16 at the Littlestown High School cafeteria for Littlestown proper, Kingsdale, Georgetown, Mt. Pleasant, McSherrystown, Brushstown, Midway, Edgegrove, Centennial, Irishtown, Bittingers, White Hall, Bonneauville, German.

Rev. James Miller Is Assistant Pastor

Rev. Fr. James E. Miller, C.P.P.S., son of Mr. and Mrs. John M. Miller, R. 4, was recently appointed assistant pastor of St. Mary's Church, Clyde, Ohio. Father Miller will take up his new residence at 609 Vine Street, Clyde, on June 10, according to Bishop Rebring, Toledo, Ohio.

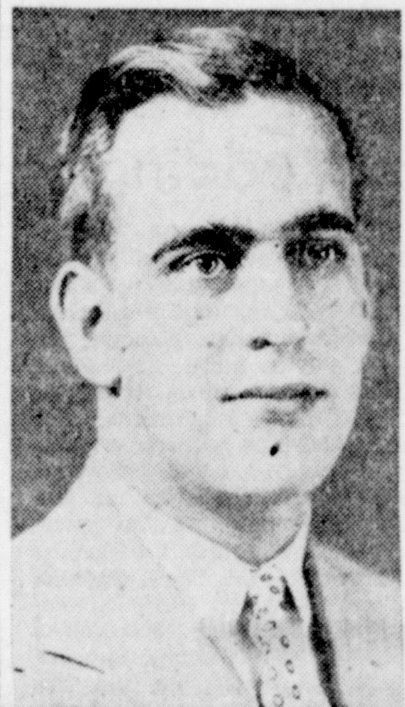

This is Father Miller's third assignment since being ordained to the priesthood in the Society of the Precious Blood on last September 13. His first work was at St. Ann's, Toledo, Ohio.

Then he was assigned to St. Clement's, West Toledo. There he organized several new parish activities, including that of that CYO for the high school boys and girls.

PHILIP M. JONES NEW PRESIDENT OF ROTARY CLUB

Philip M. Jones, vice president of the local Rotary Club for the last year, has been named as its new president, according to an announcement Monday evening at the Rotary meeting in the YWCA.

Election of Jones as president for the 1955-56 year took place at a meeting of the board of directors recently, the Rotarians were told. John Hostetter was named vice president.

PHILIP M. JONES

Dr. Frederick Tilberg and Calvin Shank were re-elected as secretary and treasurer, respectively. Julius Swope was named sergeant-at-arms.

Report On Convention
The new officers will assume their posts as of July 1. A partial list of committee assignments was made by Jones at Monday's session. A complete list will be announced later.

Retiring President Roy Hammond reported on the recent Rotary International convention at Chicago attended by him and John Hostetter with their wives. Nearly 15,000 delegates of Rotary from more than 60 countries attended the national session.

Sixty-five attended the meeting, including 13 guests. President Hammond presided. Rev. Victor Meredith group singing. Dr. Jacob Heikinen was pianist.

"HOME GROWN" 4-H CLUB IS BEING FORMED

Adams County hopes to organize a brand new "home grown" 4-H Club Thursday evening at the home of Paul Pitzer, Biglerville R. 1, who will serve as local leader for the group.

Open to all youths between the ages of 10 and 20, the organization will be based on a three-year program on conservation, with the program designed by Adams County Associate Farm Agent Fred H. Attinger, in collaboration with a number of others and County Agent Frank S. Zettle and Assistant Farm Agent John Naugle.

The program was "home grown," as Attinger explained it, because no such organization has previously been arranged by the 4-H movement in the U. S.

The first year program will be based on wildlife conservation, including farm pond management, wildlife feeding and shelters, winter feeding of game in this area, and activities will include an overnight camping trip as a part of the study of wildlife in its natural habitat.

During the second year of the club its membership will take up forestry management and conservation, studying the development of trees, he uses of the trees, growing of seedlings, establishment of seed beds and will also take up such things as the proper use of firearms, and the laws pertaining to hunting. Part of the program during the third year will be the study of the duties of the commission and the role it should play in the community.

Attorneys Donald G. Oyer and Charles W. Wolf presented the petition which they said was signed mostly by residents of the north end of town, and on Springs Ave., Highland Ave. and Colt Park.

Ask For Consultant
Oyer added that "no great effort was made to obtain signatures, in fact many of them were obtained this evening during the supper hour."

The petition asked council to "direct the Gettysburg Planning Commission to proceed at once with the preparation of a comprehensive plan for the future development of this community which shall include a zoning ordinance designed to protect the residential areas from commercialization, and to further direct said commission to proceed at once to obtain the services of a competent professional consultant to assist them in the development and drafting of such a plan, and to enter into a contract with the consultant chosen by the planning commission and appropriate such sum of money from borough revenues as may be sufficient to pay his fee for services in the current fiscal year."

Woman Fatally Hurt In York Springs Crash This Morning; Hold Driver On Manslaughter Count

A North Wales, Pa. woman riding in this car suffered fatal injuries about 9 o'clock this morning at the York Springs intersection when a truck trailer, struck on the opposite side by another car, swung about on the highway and hit this machine head-on. Three other persons were hurt.

Mrs. Elsie Fenstermacher, 60, of 4185 Pennsylvania Ave., North Wales, Pa., was fatally injured this morning at 9:15 o'clock in the York Springs intersection.

The trailer part of a tractor-trailer struck on its right side by a Maryland vehicle, swung like a huge baseball bat, and smashed the car in which Mrs. Fenstermacher was a passenger, stopping it in its tracks and hurling it back 45 feet from the point of impact.

State Police brought a charge of involuntary manslaughter against the driver of the Maryland car, Carroll Henry Hynson, 53, of 122 Clay St., Annapolis.

Asks Court To Fix Bail

Arraigned before Justice of the Peace Robert P. Snyder at noon, Hynson, who was reported as connected with the bond and insurance business in Annapolis, was petitioning the Adams County court this afternoon to set bail for his future appearance. By law only the court can set bail for manslaughter cases.

Hynson suffered a cerebral concussion, cuts and abrasions to the right side of the scalp, lacerations of the left hand and contusions of the upper lip. He was taken before the justice after his injuries had been treated at the Warner Hospital here.

Henry Fenstermacher, 64, husband of the woman fatally injured, suffered a cerebral concussion, chest injuries with possible fractures, extensive lacerations of the left hand and fingers, brush burns of the left shoulder, thigh, leg, right forearm, lacerations of the right knee and shock. He was admitted to the Warner Hospital.

Two passengers in Hynson's car, Michael W. A. Ivy, 17, Washington, D. C., and Kerley M. Vauls, 19, Annapolis, received minor injuries and were treated at the hospital. Vauls had a cut in the back, Ivy a cut on the right hand, abrasions of the left shoulder and back and various bruises. Hynson was on his way to Pennsylvania State University where his son is a student.

Albert H. Gingrich, 41, 610 N. Second St., Womelsburg, driver of the tractor-trailer, was uninjured. State police said Gingrich, driving a tractor-trailer owned by Tank Truck Rentals, Inc., Lancaster, was headed north on Route 15, at the intersection with Route 94, the Hanover-Carlisle Rd., in York Springs.

Two Cars Demolished
Just as the truck was passing the car was struck.

More Donate To Hospital's Fund Campaign COUNCIL ASKS FOR PRICE OF HIGH ST. SCHOOL

Contributions to the Warner Hospital building fund drive have now climbed to a total of \$128,804.50 according to the latest figures released this morning by Walter B. Dillon, administrator at the hospital. Of this total \$3,306.75 was reported for the last twenty-four-hour period.

The new total spurs the acceleration of the drive to raise \$250,000 by the June 20 deadline.

Many organizations throughout the county and in the adjacent Maryland districts are still busy with fund raising projects for the hospital fund. These should substantially increase fund totals.

Individual contributions are still being solicited and those who have not contributed may do so either directly or through their area directors. Vacations, seasonal labor operations, graduations and similar activities have made it difficult for the campaign workers to contact many of those to be solicited.

Richard W. Livingstone, president of the hospital, expressed optimism following a recent campaign committee meeting that contributions would permit construction of the first of the two new wings to begin about June 20. He noted that participation has been general in all classifications and in all sections of the county.

CHANGE MEETING DATE

The Fraternal Order of Eagles has postponed its regular meeting from June 9 to June 16 due to a conflict with the State Convention. Installation of officers will take place at the June 16 meeting.

Gettysburg borough council, at its meeting Monday night at the engine house, asked its committee investigating the matter to "get a price from the school board for the High St. school building so we can take some action."

James S. Shank, reporting for the committee, said that "all we can do now is report progress. It is difficult to find out whether we can buy the school property at private sale, if we want to buy it. And it is difficult to find out just what it is worth. It must be appraised and then if the council and school board are in agreement on a sale price, it will have to go to court for approval."

Shank's report came at the conclusion of the reading of a number of letters from local groups urging the town to purchase the century old High St. school which is to be abandoned as a school building with the close of school this year.

Reports On Soot

No progress was reported on discussions between the town and school board concerning a proposal of the borough to construct a street from Wainwright Ave. to

FIREMEN MEET WEDNESDAY

The Gettysburg Fire Department will hold its regular monthly meeting Wednesday evening at 7:30 o'clock at the old CCC camp on W. Confederate Ave., Secretary Eugene S. Sickles announced today. Movies on Civilian Defense and the Korean War will be shown by Sgt. Pennington and W. H. "Dutch" Armor of the Ground Observer Corps.

140 Residents Of Gettysburg Petition Council To Protect Areas From Commercialism

A petition signed by 140 residents of town, urging council to "indicate immediately by appropriate resolution its concern over the past and pending invasions of the residential areas by various types of business enterprise and its intention to take prompt action to protect those areas in the future," was presented at Monday evening's session of borough council at the fire house.

The petition, the resignation of L. D. Shealer as a member of the borough planning commission, which council accepted with "regret," and a letter from Mrs. Forrest Craver asking instruction from council for the planning commission led to a lengthy discussion on the duties of the commission and the role it should play in the community.

Attorneys Donald G. Oyer and Charles W. Wolf presented the petition which they said was signed mostly by residents of the north end of town, and on Springs Ave., Highland Ave. and Colt Park.

Oyer added that "no great effort was made to obtain signatures, in fact many of them were

obtained this evening during the supper hour."

The petition asked council to "direct the Gettysburg Planning Commission to proceed at once with the preparation of a comprehensive plan for the future development of this community which shall include a zoning ordinance designed to protect the residential areas from commercialization, and to further direct said commission to proceed at once to obtain the services of a competent professional consultant to assist them in the development and drafting of such a plan, and to enter into a contract with the consultant chosen by the planning commission and appropriate such sum of money from borough revenues as may be sufficient to pay his fee for services in the current fiscal year."

"Encroachment Increases"
According to the petition, the action of council was asked because "the encroachment of business and commercial enterprise upon the residential areas of this community has greatly increased in recent years, and further and more extensive invasions are currently pending. Such

HAVE 26 UNITS FOR FIREMEN'S PARADE JUNE 30

The annual parade held as part of the Gettysburg Battle Anniversary program will follow the exact route of last year's procession, the committee in charge decided Monday evening at a meeting held at the fire engine house.

Raymond Menges, general chairman for the 92nd Battle Anniversary Committee of the Gettysburg Fire Department, reported 26 units have signed so far for participation in the parade to be held June 30 at 7 p.m. Chief of Police Jack Bartlett, Cpl. Frank Yercavage of the State Police and others met with the committee Monday night to discuss the general arrangements for handling traffic in connection with the festivities during the battle anniversary period, from June 28 to July 4.

The annual carnival will be held at the Recreation Field from June 28 to July 2, with a program of entertainment planned in addition to the usual booths, refreshment stands etc. Fireworks will be featured nightly.

Plan Choral Program
Maj. Gen. John Weikert will be marshal for the parade, heading the first division. It was reported by Chairman Menges, Fire Chief Donald McSherry and Assistant Chiefs Donald Staub and Frank Linn will head other divisions of the procession. The Second Army band will follow General Weikert at the head of the parade.

June 3, a new type program is to be presented at the Gettysburg College Athletic field as part of the observance. Under general chairmanship of Charles Yost, Biglerville, a choral program will be presented with outstanding choruses from Hanover, Baltimore, Upper Adams County, Harrisburg, Gettysburg and East Berlin participating.

July 4, the annual services will be held with U. S. Senator James Duff as speaker at the program to be held in the college athletic field.

An invitation has been presented President and Mrs. Dwight D. Eisenhower to attend the July 4 affair. Press releases have indicated that the date is on the presidential calendar, but no final word has been received here.

SECOND DEATH IN MARYLAND CRASH TODAY

The second of three persons injured in a Memorial Day weekend accident near Emmitsburg died this morning in the Warner Hospital from accident injuries.

Melvin Cauliflower, 27, 388 Church St., Frederick, died this morning at 10:25 o'clock after having been in a critical condition since the crash. Monday he was described as being in a semi-conscious condition.

Dr. C. G. Crist, Adams County coroner, was notified and the hospital was attempting to get word to members of Cauliflower's family.

The accident occurred four miles south of Emmitsburg on the Frederick Rd. about 2:15 a.m. when a car driven by Cauliflower and another occupied by a couple from Kenmore, N. Y., crashed head-on. Mrs. Muriel Bears, 50, wife of the driver of the New York car, died Saturday evening at the Warner Hospital.

Her husband also was admitted after the accident. He suffered a broken jaw and other injuries. Cauliflower suffered concussion, a skull fracture, cuts and bruises. He was unconscious when he was admitted to the hospital and there was uncertainty about his identity.

The group will meet July 18 at the home of Martha Zepp, R. 4.

RICHARD L. FOX COUPLE WEDS IN IDAVILLE

(Continued From Page 1)

B. Anzengruber, and Richard Cole. The post is entitled to eleven delegates and eleven alternates. It was decided to keep the lists open in case any other members would be able to attend. The convention will be held August 10-13 in Pittsburgh.

Plans were made to accompany the Legion Auxiliary on a visit to the 96 veterans at the South Mountain Sanatorium next Sunday. As many Legionnaires as possible are urged to make the trip.

Color Guard History

It was announced that the Color Guard will represent the Post at the anniversary of the founding of the town of Red Lion, to be held June 18. A history of the Post's Honor Guard has been compiled and added to the files.

June 16 has been set as the deadline for applications for the Legion's Keystone Boys State, to be held during July at Lock Haven State Teachers College. G. Noel Flynn is chairman of the committee considering applicants. Lawrence M. Sheads, chairman of the Memorial Day Committee, reported on the two Memorial Day parades in which the Legion participated. Paul Anzengruber reported that the Legion's softball team is "improving with each game."

A resolution was passed thanking the retiring chaplain of the post, Howard Strausbaugh, for "many years" of service in that position. It was announced that the Legion will cooperate with the Junior Chamber of Commerce's "Put the Flag Out Front" campaign, and members were urged to display the flag, especially on Flag Day, June 14. A minute of silence was observed for James A. Oyler, a member of the post who died Sunday.

Twelve new members were accepted, bringing the total active membership up to 1,068. One of the twelve is Sgt. Herbert W. Pennington, Baltimore, the Air Force sergeant who is in charge of Ground Observer Corps operations in Adams, York and Lancaster Counties. Other new members are: Robert M. Hartong, N. Washington St.; Vernon M. Bryant, York; Myron C. Warren, New Oxford; Dr. Herbert E. Bryan, New Oxford;

Many Properties Transferred

Property valued at \$229,407.49 changed hands during the week which ended last Saturday, according to figures released by the office of the register and recorder. This compares with a \$76,869 figure for the week which ended May 28, and marks one of the highest weekly totals of the past year.

Fox is married to the former Miss Jeannette Bower, also of Gettysburg. They have a 13-year-old daughter, Linda, and a seven-year-old son, Richard L. Jr.

Fox presided over Monday night's meeting in his capacity as first vice commander. Twenty-three members were present.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
FIFTY YEARS AGO

Twenty-Fifth Marriage Anniversary: We take the following from the Johnstown Daily Democrat of May 22nd:

Twenty-five years ago Saturday, on May 20, 1880, the Rev. Dr. and Mrs. W. A. Shipman were married at Gettysburg. In honor of the event, members of the congregation of the First English Lutheran church surprised their pastor Friday night in a most successful manner. Dr. Shipman was entirely ignorant of the fact that anything of the kind was contemplated and when he saw the large number of members of his congregation descend upon his house he was wonder struck.

The Rev. F. S. Schultz of Morrellville, pastor of Grace Lutheran church, married Dr. and Mrs. Shipman again under a canopy of flowers and palms. The responses of both were as spirited as they had been 25 years ago. Immediately after the ceremony a shower of rice was thrown at the pair.

County Jottings: The name of "Hotel Yantis," Littlestown, has been changed to "Hotel Huff." Fifteen surveyors are now at work between Emmitsburg and Fountaineau, running the lines for the new Washburn road to tide water, which, it is claimed, will lead by tunnel through the mountains.

B. W. Ziegler, of York Springs, has a trained rooster that will crow or turn a somersault on being commanded to do so.

Fairfield Items: Emmert Hartzel, of Reading, spent Decoration Day with G. E. Brown and wife. Dr. Alice M. Seabrook, of the Woman's Hospital, Philadelphia, Pa., spent a few days recently with her brother, Hon. E. A. Seabrook, and family.

Carol Reindollar and wife, of Glen Rock, spent a few days with their parents here last week. Frank Florence and Miss Ruth Sheffer, of Rouzerville, were married in the Catholic church in this place last Thursday morning by Rev. McDermott. They were attended by Edward and Miss Josephine Florence.

The Catholic congregation will hold festivals on the evenings of the 22nd, 23rd and 24th of June for the benefit of their church. Ray Musselman took in the big time at York on June 1st, going from there to Glen Rock, where he spent several days with his sister, Mrs. Edna Reindollar.

Found Dead In Bed: Rev. G. M. Larned, pastor of the M. E. church, Littlestown, was found dead in bed at 10 o'clock Friday morning by Prof. Burgoon and Abia Smucker. Rev. Larned's housekeeper, Miss Verna Wenner, left on a visit three weeks ago to friends at her home near Hazleton and had not yet returned. The Reverend gentleman has been taking his meals at Mrs. Sarah Spangler's.

Dr. S. B. Weaver was summoned and pronounced heart failure as the cause of his death and that he had been dead already about twelve hours, proving that he had died shortly after retiring.

The remains were taken to Lehigh where interment was made.

"Immortality": Many of the friends of Rev. William L. Seabrook in Gettysburg have read with pleasure his new book in "Immortality" and congratulate him on its production and the uniform commendation it is receiving from the press both religious and secular. Mr. Seabrook's book is worthy of all that is being said of it.

The price of the book is one dollar and ten cents, postpaid, and orders sent to the author, Newberry, S. C., will be filled promptly.

Czar Assassinated: Word was received here Tuesday noon that the Czar of Russia had been assassinated. At this writing (Tuesday 5 p.m.) we are without particulars.

Today's Talk

TIME'S MIRACLES

I was reading an enlightening book about the American Presidents by Don Smith recently. In it I came upon an interesting comment by President Buchanan, who for many years before being elected to his high office had sought it diligently. The unexpected came to pass, however, and after twenty years his ambition was rewarded.

Time does much in many ways—and it did something for Buchanan. This is what I quote as coming from him: "Years ago, I wanted to reward my friends and punish my enemies. But now, after all these years, the friends I hoped to reward have passed away and the enemies I intended to punish have long since become my friends."

Perhaps you read that wonderful little book by Robert Herrick called "The Master of the Inn." It was published many years ago by Scribners (1908) but has gone into many editions. It tells a most poignant story of two great doctors who sought the hand and heart of the same woman, but "the one had taken all and the sweet love turned to acid in his heart, and the other had lost and the bitter turned to sweet." Time does such things!

Time is a healer of all sorrows and disappointments. It changes our viewpoints and visions. It gives us new hope and courage. It keeps assuring us of another chance—perhaps a better one! Have no regrets. In golf the most important hole to be played is the next one. That's the way it should always be in life—the next move the most important!

The sturdy things in nature take a long time in which to grow. People who dream, think and keep moving, are forever running into miracles. In fact such people create miracles! But patience is good medicine for those who are inclined to run too fast, often losing sight of the miracles in their very pathway.

Tomorrow Mr. Adams will talk on the subject: "The Greater Joy." Protected, 1955, George Matthews Adams Service

Just Folks

GHOSTS AND BLIZZARDS
"I'm to be on television," said a friend of mine to me.

And upon the time appointed I had planned his act to see. But, when the glib announcer on his talents dwelt upon, He was hidden in a snowstorm that began when he came on.

In the days when I was little and by white was frightened most, My father used to tell me in this world there's not a ghost. It is just imagination. Ghosts have never once been seen. Now, they gather day and night time on my television screen.

Though the weather is delightful, I am never certain when I shall face a raging blizzard in my comfortable den. Though I still believe my father that no ghosts on earth are met, He had never seen them dancing on a television set. Copyright, 1955, by Edgar A. Guest

RAIL INTERESTS
QUIET AS TRUCK
BILL NEARS VOTE

HARRISBURG—A proposal to increase the weight limits of commonly used trucks in Pennsylvania approached a final House vote today to the unprecedented silence of railroad interests.

But it's that silence that will likely mean passage of the measure in the opinion of Rep. Albert S. Readinger, House Democratic floor leader.

"The railroads are not opposing equalized truck weights this year and without their opposition it should pass easily," he told a newsman.

Long Battle
For four consecutive sessions, railroad lobbyists stirred the controversy of truck weight ceilings to a white-hot controversy with the Pennsylvania Grange and the Pennsylvania Assn. of Township Supervisors ranged on their side.

The Pennsylvania Motor Truck Assn. led backers of increased truck weights. In 1961, their bill passed the Legislature only to be vetoed by former Gov. Fine. In other years, such legislation died in committee.

The new bill up for a vote would boost the weight limit for commonly used trucks from 45,000 pounds to 60,000 pounds and at the same time increase overloading penalties and truck license fees.

Drop Opposition
Railroad interests dropped their opposition this year because of their new so-called piggy-back operations. Under this, truck trailers are loaded—cargo and all—on railroad flat cars, delivered to distant points and then unloaded to be hooked to truck tractors for delivery to local points.

Meanwhile, the Senate last night concurred in House amendments to legislation to authorize two more extensions of the 390-mile Pennsylvania Turnpike.

Sent to Gov. Leader for signature were bills to authorize one link from the present superhighway near Pittsburgh to run to the West Virginia line and the other extension to be laid from Sharon to Stroudsburg.

Exact Routes Unsettled
Exact routes would be left to the Turnpike Commission if traffic and engineering surveys how them to be feasible.

Another development saw the Senate wrangle on the resignation of the entire board of trustees of Laurelton State Village for female mental defectives. Union County. The group said it lost confidence in the administration of Harry Shapiro, secretary of welfare, who had charged inhuman treatment at the institution.

The Senate also argued briefly about the governor's government reorganization program. Sen. Rowland B. Mahany, Republican floor leader, challenged Democrats to come up with more reorganization plans.

Tax Program
On taxes, Rep. Albert S. Readinger, House Democratic floor leader, said Republicans would have to come up with a tax program of their own if they voted to defeat the classified income tax.

Republicans, as the creators of the financial mess in which Pennsylvania now wallows, have a definite obligation to cooperate on a tax program we Democrats believe will balance the budget and impose the least painful tax bite on the general public," said Readinger.

DR. SALK GIVEN
MEDAL, \$10,000

ATLANTIC CITY, N. J.—An insurance company today presented a gold medal and a check for \$10,000 to Dr. Jonas E. Salk "for his selfless contribution to the development of a vaccine against polio."

Dr. Elmer Hess of Erie, Pa., president-elect of the American Medical Assn., made the presentation on behalf of Mutual of Omaha, a mutual benefit and accident association.

The firm's crisis award of \$10,000 and a gold medal goes annually to the individual who, in the opinion of a board of judges, "has made the greatest contribution to public health during the year."

The award was presented to Dr. Salk at the AMA's annual meeting.

Two Ships Collide
In Delaware River

PHILADELPHIA—A freighter and tanker collided in the busy Delaware River off South Philadelphia yesterday, with the freighter suffering a 20-foot gash in the starboard bow.

But the ship, the Helena, of Dutch registry, proceeded without incident to her destination, Morrisville, Pa., a few miles up the river. She was carrying a cargo of iron ore.

The other vessel, the Liberian tanker Gayety, carrying molasses from Cuba to a Philadelphia alcohol firm, sustained a large dent in its stern but continued on its way upriver after the crash.

Hold Milk Price
Hearings In York

YORK, Pa.—The State Milk Commission swung into the York area today for public hearings on an administration proposal for lower prices on store-bought milk.

The hearing was the second in two days in a scheduled nine hearing trip in different cities throughout the state. The hearings were ordered after Gov. Leader called on the commission to seek lower milk prices in stores.

Leader has declared that there should be a price differential between home-delivered and store-bought milk and that quantity discounts should be allowed.

In the first public hearing yesterday in Harrisburg, an attorney for the Pennsylvania Assn. of Milk Dealers said supermarket interests are "pitting milk dealer against milk dealer" in efforts to get lower store prices.

HOLD ELECTIONS
IN TANEYTOWN

Taneytown voters elected two new councilmen, re-elected a third, and rejected one of the incumbents in the annual municipal elections held Monday. The mayor and the other two members of the council will be elected next year.

The two new councilmen are: James C. Baumgardner and George W. Motter, both of York St. Raymond F. Davidson, also of York St., was re-elected to a second term. Harry Mohney, Mill Ave., was defeated in his try for a third term on the council. The third incumbent, Merle S. Baumgardner, E. Baltimore St., did not seek re-election.

The unofficial returns show Baumgardner, 149; Davidson, 118; Motter, 106; Mohney, 104; Norris, Sell, 78, and Samuel G. Breth, 76, Baumgardner, who led the ticket, is a nephew of the retiring councilman.

Two hundred thirty-eight persons voted, according to council secretary Henry Reindollar, out of an estimated one thousand who were eligible. Reindollar said that this is "about normal."

At the town council meeting Monday evening, \$58,925 was paid for work on the Taneytown sewer system during the past month, the largest for any single month. The work, which began about a year ago, is proceeding "ahead of schedule," according to Reindollar. The work is 65 per cent completed, and should be largely finished in the fall, he said, although details may not be completed until next spring.

Outstanding Man
Loses Police Job

HOUSTON, Tex.—Texas J. Foster, named one of the nation's 10 outstanding young men by the U. S. Junior Chamber of Commerce in 1952, has been suspended from the Houston police force.

Police Chief Jack Heard said the 29-year-old policeman was suspended indefinitely for "conduct unbecoming an officer." Foster said he will appeal to the city Civil Service Board.

He was honored by the Junior Chamber for his undercover narcotics investigation among Texas teenagers.

Heard relieved Foster after a fellow officer was wounded slightly in a shooting at a woman's home. Foster said the shooting was accidental. Heard quoted the officers that they had been drinking and the shooting climaxed horseplay during a social call.

Breedsville, Mich. # — It didn't hurt Mayor William Frude when the Republican party caucus bypassed him and nominated somebody else for his job.

Frude ran as a write-in candidate and polled 66 votes to win his 33rd one-year term as mayor of the village (pop. 400). The official candidate, Walter Tomczak, got 40 votes.

Ford Contract Terms
Stir GM Bargainers

DETROIT—Nobody was more interested in the Ford auto labor settlement terms than General Motors Corp., next target of the CIO United Auto Workers Union for a guaranteed wage contract.

GM had runners scouting copies of texts of the Ford settlement from the downtown Detroit hotel site of the Ford bargaining to the General Motors building four miles away.

Other GM aides telephoned the same texts to a battery of stenographers in the GM building. Harlow Curtice, GM president, flew back to Detroit last night from New York to be in close touch with the intensifying GM bargaining.

MISS JOY DAVIS
WED SATURDAY

Miss Joy Ann Davis, daughter of Mr. and Mrs. Norris Davis, Hyattsville, Md., former residents of Gettysburg, became the bride of James Richard Perry, son of Mr. and Mrs. Charles C. Perry, Washington, D. C., Saturday evening at 7:30 o'clock in the First Methodist Church at Hyattsville. The Rev. Donald Powers, pastor of the Four-square Gospel Church, Hyattsville, officiated at the double-ring ceremony. He was assisted by the Rev. Edgar Beckett, pastor of the Methodist Church.

Sergeant Davis, organist, played traditional wedding marches. She accompanied an octet which sang "The Indian Love Call" and accompanied the soloist, Mrs. Sally Donkmeir, Washington, D. C., who sang "Because" and "The Lord's Prayer."

The bride wore a white nylon tulle gown over taffeta fashioned with a Chantilly lace bodice and a neckline trimmed with sequins. Her fingertip veil of illusion net was attached to a tiara of sequins and rhinestones. She carried white carnations.

Bridal Attendants

Miss Roberta Davis, Hyattsville, the bride's sister, was the maid of honor. She wore a pale pink tulle gown over a pink taffeta underskirt. Her bouquet of pink roses was tied with a pale blue ribbon. Mrs. Nancy Grof and the Misses Betty Fleischer, Sue Walker and Aetha Deyarmins all from Washington, were the attendants. They wore pale blue gowns over taffeta and matching net stoles. Their bouquets of pink roses were tied with pink ribbons.

Roy Sanders, Washington, brother-in-law of the bridegroom, was best man. The ushers were Roy and Ralph Davis, Hyattsville, brothers of the bride; Louis Kasalle and Carl Grubb, Washington.

A reception was held in the church education building. The couple is honeymooning at Daytona Beach, Fla. They will live at the home of the bride until August when they will both enter the LIFE Bible College, Los Angeles, Calif., as ministerial students.

The bride, a graduate of the Hyattsville High School, has been employed by the U. S. Chamber of Commerce. Her husband has been working as an electrician for Smith and Company, Washington, D. C.

Among the guests were Mr. and Mrs. John Sanders and three daughters, Mr. and Mrs. Richard Lockbaum, Mr. and Mrs. Ray Swartzbaugh and Mrs. Harold L. Myers, all from Gettysburg.

U. S. Asks \$1,620,295
For Bomber, Crew

THE HAGUE, Netherlands—The United States has filed a claim for \$1,620,295 against the Soviet Union for the loss of a B29 bomber and its eight-man crew off northern Japan three years ago, the World Court announced today.

The claim charges that the bomber, flying a training trip, was pursued over Japanese territory and then shot down into the sea by two Russian planes.

Moscow is free to accept or reject the court's jurisdiction in the case.

The B29 disappeared Oct. 7, 1952. U. S. Air Force officers said the plane was last seen on a radar screen within Japanese waters.

Six days later the Russians charged that the bomber shot at Soviet fighter planes while over Russian territory, which a U. S. Air Force spokesman in Tokyo denied.

Wet Weather Today
Over Eastern U. S.

By THE ASSOCIATED PRESS
There was wet weather over broad areas in the eastern half of the nation today.

Showers and thunderstorms continued during the night in a belt from the Great Lakes and upper Mississippi Valley southward to the Gulf of Mexico extending eastward to the Appalachians.

Heaviest rainfall was in the South with about 1½ inches in some parts of Kentucky and Alabama.

Except for cloudiness and light rain in New England and fog in coastal areas of California, skies were clear in other sections of the country.

INTEGRATION
ORDER IN OKLA.

OKLAHOMA CITY—The Oklahoma Board of Regents for Higher Education has ordered the integration of white and Negro students at all state-supported colleges.

The historic order, affecting 18 colleges, is effective at the start of the fall term in September. The vote by the board yesterday was 8-1.

The action is in line with the recent U. S. Supreme Court ruling that public schools should complete integration "as soon as feasible." It also brings to a climax an integration process started six years ago when the high court ordered graduate Negro students admitted to Oklahoma colleges.

Since then enrollment of Negroes in the graduate fields has become common and there has been no adverse reaction.

MOTHER BEATS
OFF ATTEMPT
AT KIDNAPPING

PORTLAND, Ore.—Mrs. Lillian Weinstein, with the aid of her mother, early yesterday beat off a man who attempted to kidnap one of her children.

The intruder left behind a gun and a note demanding \$20,000 ransom.

Jesse Moore, 64, a Portland machinist, reported that his 45-caliber pistol had been stolen Sunday night and he identified it as the one found at the Weinstein home.

Detective Capt. William Browne said Moore was being held for investigation but no charges had been filed. Moore denied any knowledge of the kidnap attempt.

Mrs. Weinstein, an attractive woman in her early 30s, is the daughter of a millionaire Portland manufacturer. She is divorced.

She told police the intruder broke in through a window. She grappled with him and was knocked down several times, once from a blow with the pistol.

He was about to throw a typewriter at her when her mother rushed into the room and shoved him. He dropped the typewriter and jumped back out through the window.

"Knew I Had To Fight"
A neighbor, William L. Monahan, aroused by the uproar, fired a shot from his own pistol into the ground outside. That drove the intruder away.

In the room at the time were Mrs. Weinstein's daughter Leslie, 10, and her twin sons Robert and Richard, 6.

"I just knew I had to fight or get killed. I guess I'm lucky to be alive, but I put up a pretty good fight, don't I?" she said.

Chester Fire Forces
Family Evacuation

CHESTER, Pa.—Fire swept through seven frame row houses in the center of Chester yesterday, forcing the evacuation of two hundred families from the blazing homes and others nearby.

All but one of the city's fire companies were called to the scene. It took firemen two hours to bring the flames under control.

Cause of the fire, which belched 40-foot flames at times, was not determined. No injuries were reported.

SHAPIRO SILENT
ON TRUSTEE ROW
AT LAURELTON

HARRISBURG—Harry Shapiro, secretary of welfare, maintained a tight-lipped silence today on the mass resignation of the nine-member board of trustees at Laurelton State Village.

He said he wants to read their formal quitting notice before saying anything.

The board, headed by Fred A. Maue, Shamokin, announced its resignation yesterday with an assertion that it cannot serve under a welfare secretary in whom it has no confidence.

Touches Off Debate

News of the resignations touched off an hour-long debate in the Senate during which Sen. John H. Dent, Democratic floor leader, charged the superintendent of the Union County Institution for mentally defective females was "certainly aware" of alleged inhuman treatment of patients.

Maue made the announcement of the resignation on behalf of all other board members, a number of whom testified along with Maue at the hearings in Harrisburg.

Other members of the board include Dr. Harold G. Garand, Lewisburg; Mrs. Russell L. Smith, Sunbury; Ira J. Smith, Beaver Springs; Roy D. Wittes and Ralph Witmer, Selinsgrove; Dr. Robert E. Allen, Mt. Carmel; and Kenneth Bidlack and Charles M. Showalter, both Mifflinburg.

Report Submitted

Less than a week ago a special legislative investigating committee submitted a report to the General Assembly in which it cleared Dr. Effie C. Ireland, former superintendent, and the board of condoning inhuman treatment at the village.

However, on the same day, Dent filed a separate report in which he declared that testimony at the seven days of public hearings upheld charges by Shapiro that conditions in Johnson cottage there resembled the dark ages.

Told of the board's resignation, Dent said "this is the first intelligent thing they've done at Laurelton since they've been on the board."

"I accuse on the floor now that Dr. Ireland did know what was going on and if she didn't know what was going on, she should not have been head of the institution," Dent declared.

It's about time the rest of the National League gave up the idea of waiting for the Brooklyn Dodgers to collapse. Brooklyn can't lose for winning.

Take last night. All their right-handed power had been limited to four hits in eight innings by a southpaw rookie named Luis Arroyo and the St. Louis Cardinals had a 4-3 lead going into the last of the ninth.

When Gil Hodges led off with a walk, Manager Walt Alston couldn't decide whether to have Jackie Robinson lay down a sacrifice bunt and go for a tie or have him swing away and go for broke.

Homer On His Last Strike

Alston flashed the "bunt" sign, but Robble fouled off the pitch. Alston switched to the "hit" sign then, but the pitch was wide and Jack watched it go by. So Alston changed back to the bunt strategy. But Robinson again fouled it off.

It was hit or nothing then. Alston wasn't bunting on the third strike.

So what's Robble do? He smacks the next pitch into the left field seats and Brooklyn wins it 5-4. And just like that, they're eight games up on the runner-up Chicago Cubs, who were idle like most of the other teams.

Braves Whip Phils

The only other National League action was at Philadelphia. The Milwaukee Braves stayed a half game behind the third-place New York Giants by whipping the Phils 5-2 after Philadelphia had wrapped up a 4-2 triumph in the three-inning completion of the suspended second game in Sunday's doubleheader.

In the American, the New York Yankees made hay on the slack schedule, bombing Detroit with home runs 7-5 for a 4½ game lead. Rain postponed the only other game, Washington at Kansas City.

The Brooks battled back from a 4-1 deficit with two runs in the sixth, one on a leadoff homer by Pee Wee Reese. Clem Labine held the Cards hitless over the last two innings for the victory after they had tagged Billy Loes, Tom LaSorda and Russ Meyer for 10 hits.

The Yanks counted all their runs on homers. Eddie Robinson hit a pair, each good for two runs. Billy Hoelt lost his third in eight decisions.

14-Game Streak

Rookie Johnny Kucks was the winner, but claimed his fifth success only after Jim Konstanty put down a two-run Tiger rally in the ninth. Able Al Kaline, who has hit in all but four of Detroit's 49 games, homered with none on in the seventh to run his current hitting string to 14 games.

At Philadelphia, Ed Mathews continued to look like anything but a guy who just had an appendectomy. He hit his third homer in two days, a two-run job, as Bob Buhl picked up his second victory. George Crowe also homered with one on for the Braves, who scored the winning run off loser Dave Cole in the third on Bobby Thomson's sacrifice fly.

In the completion of Sunday's interrupted game, the Braves scored twice in the eighth, but the Phils coasted in on their four runs in the third.

SCELBA HAILS WIN AT POLLS

PALERMO, Sicily (U)—Premier Mario Scelba's pro-Western Christian Democrats today hailed their victory in the Sicilian regional elections as one with far-reaching consequences for all of Italy.

Complete returns from Sunday's elections gave the government party seven new seats in the semi-autonomous island's Regional Assembly and strong gains in popular support.

Scelba called the outcome a "magnificent accomplishment."

Their 37 seats made the Christian Democrats Sicily's biggest party by far, although it did not give them an outright majority of the 90-member chamber. They are expected to govern with the support of the Monarchists, who won nine seats and had been the Christian Democrats' allies in the previous assembly.

The Christian Democrats scored their gains at the expense of the Fascist MSI (Italian Social Movement) and the minor center parties. The Communists and their Socialist allies also increased their popular vote, but their combined representation remained at 30 seats.

Orioles Have Made Turnover In Talent

CHICAGO (U)—With the departure yesterday of Lou Kretlow and Les Moss, the Baltimore Orioles have only two players left on the roster who were with the club when the franchise was moved from St. Louis.

Kretlow, a veteran right-handed pitcher who hasn't won a game all season, was sent back to Baltimore to await reassignment. Moss, a catcher, was traded to the Chicago White Sox for pitcher Harry Dorison.

Still left are Bobby Young, weak-hitting second baseman who has been mentioned lately in trade talks, and Dee Pilleite, sore-armed pitcher who made his first start of the season last week.

MANY BIG NAME GOLFERS NOT IN U.S. OPEN MEET

By ED CORRIGAN

The Associated Press

The big-name golfers who will be missing from the United States Open Championship this year could start a major tournament of their own.

Dutch Harrison . . . Ralph Guldahl . . . Bobby Knowles . . . Skee Riegel . . . Bob Toski . . . Dick Chapman . . . Jay Hebert . . . Fred Wampler.

They're all on the outside looking in as a result of yesterday's qualifying round. The U.S. Golf Assn. cut the list of exempt players severely this year with the thought in mind of giving the run-of-the-mill shotmaker a better chance of qualifying.

Chandler Leads
Only 17 players were exempt this year, which meant that most of the top stars had to take their chances on having a bad day.

Many got through, of course. Chandler Harper, of Portsmouth, Va., toured the Columbia Country Club course in Chevy Chase, Md., in a sizzling 67-67—134 to lead the 125 qualifiers who tried their luck on 23 courses in the United States and one in Hawaii.

Others who got under the wire included Wally Ulrich, Frank Stranahan, Wally Burkemo, Billy Maxwell, Al Wall, Dave Douglas, Ted Kroll, Johnny Palmer, Doug Ford, Bo Winger, Claude Harmon, Jack Burke and Porky Oliver.

Nelson Tries Combak
The San Francisco section, with a bumper crop of 245 aspirants, won't finish until today. There are 20 spots allotted San Francisco, where the tournament will be held June 16-18.

Byron Nelson, 1939 champion and one of the greats of U.S. golf, is trying a comeback and going into the second round, he was No. 14 on the list with a 4-over-par 39-36-75. Lawson Little, 1940 Open champion, had a par 71; Jim Turnesa, 1952 PGA titlist, 75; and Walker Cupper Harvie Ward, 73. All should make it.

The 17 exempt players are the last five individuals to win the Open—Ed Furgol, Ben Hogan, Julius Boros, Cary Middlecoff and Lew Worsham; last year's low scorers—Gene Littler, Dick Mayer, 1946 Open champion Lloyd Mangrum, Tommy Bolt, Shelly Mayfield, Freddie Haas, Sam Snead, Rudy Horvath and Al Mengert; 1954 amateur champion Arnold Palmer, now a pro; 1954 PGA champion Chick Harbert and John Balfini, home pro at the Olympic Country Club in San Francisco.

CALL AMBASSADOR
BELGRADE, Yugoslavia (U)—James W. Riddleberger, U.S. ambassador to Yugoslavia, will fly to Washington tomorrow for consultations. It is assumed here the consultations will primarily concern talks last week between President Tito and Soviet leaders seeking reconciliation with Yugoslavia.

Shares Medalist Honors In Tourney

PHILADELPHIA (U)—A sparking 66 on the first round enabled Art Wall Jr., of Poccono Manor, to share medalist honors in yesterday's Philadelphia District qualifying round for the U.S. Open Golf Championship.

Wall slumped off to a 77 in the afternoon, and lanky Dave Douglas, tournament veteran from Newark, Del., was able to match the 143 total with rounds of 72-71.

The other three qualifying places went to Same Penecale, of Philadelphia who shot 71-73-144; Al Bessellink, Grossingers, N. Y., 73-72-145, and Charles Lepre, Philadelphia, 74-71-145.

Robert Skee Riegel, of Philadelphia won a two-hole playoff for first alternate honors with Monte Norcross, Trenton, N. J., after both had finished the 36 holes with totals of 146.

Police Chief Reports
Chief of Police Jack Bartlett's report showed nine arrests on criminal charges were made by police during the month, seven on disorderly conduct, one for surety of the peace and one for carrying concealed weapons.

Twenty-four arrests were made on traffic charges, 12 accidents were investigated, 152 complaints were investigated of 156 received, borough police assisted other agencies 31 times, one missing person was located, five wallets were reported lost and five recovered, one bicycle was reported stolen and one recovered.

The chief's report observed that an extra effort was made during the month to cut speeding on W. High St. and "the situation there appears better."

Fire Chief Donald McSherry reported no fires in the town during the month. The firemen responded to three calls outside the borough. Two rescue calls were carried out by the firemen.

repeating the opinion that the contemplated tax reduction probably would last only a year with the levy to be raised then.

The district must raise \$188,000 for the current expense budget and about \$61,000 for annual rental payments to the school authority as the district's share of the cost of the new buildings.

The proposals considered were a continuation of the 25-mill levy on real estate with a head tax cut to \$5 or a cut in the millage to 30 mills with a continuation of the \$10 head tax. Both plans offered about the same revenue.

Opposing Arguments
The argument in favor of the millage cut was that the reduction is possible chiefly because of the \$430,000 increase in assessed valuations following the establishment of the new "equalized assessments."

The board was told they had a "moral responsibility" to reduce millage after the increase in assessments. Supporting the plan to cut head taxes and leave the mill rate at 35 was the contention that more taxpayers would benefit especially among the lower income brackets and small property holders where the \$10 head tax has represented a hardship.

The \$7.50 "head tax" is levied in two sections. There is a \$3 head tax and a \$2.50 "residential" tax. The board ordered the necessary legal advertising to be done in connection with the budget and tax rate.

The monthly report of the treasurer showed \$3,890 received in state appropriation in May while expenditures totaled \$20,124 and included a \$20,000 payment to the joint district. The June 1 balance was \$45,431.

All members of the board attended excepting Dr. R. D. Wickerham, who was out of town for his daughter's college graduation.

ACCEPT PLAN TO END STRIKE
LONDON (U)—Striking locomotive engineers and firemen today accepted a peace formula aimed at settling Britain's 10-day-old railway walkout.

The acceptance by the Associated Society of Locomotive Engineers and Firemen opened the way to possible direct negotiations with the British Transport Commission, which runs the nationalized railway system.

Leaders of the powerful Trades Union Congress, meantime, were conferring with Labor Minister Sir Walter Monckton in an effort to get government approval for the final peace talks even while the strike is still on.

Prime Minister Eden's government and the Transport Commission have insisted until now that the 67,000 strikers must return to work before talks to break the deadlock over wage differentials could begin.

Four softball teams treated the fans to two of the most exciting games of the season Monday evening, as the Moose edged the Legion 4-2 in a game that took exactly one hour to play and the VFW-Eagles game ended in a 5-5 10-inning deadlock when the 10:25 curfew was enforced.

A pair of runs in the first and third innings gave the Moose their win over the Legion who are still looking for a win. Ridinger and Staley took first via an infield miscue to lead off the inning. With one out, Brennan lashed out a sharp single to bring in both men with the first two runs of the game. The Moose came right back in the third, to take a 4-0 lead and tally their final scores. With two out, McKenrick and Bud Knox rapped singles and Bernie Cole drove a long double to center which scored McKenrick and Knox.

The Legion broke into the scoring column in the fourth when Myers led off with a safety to right, went to second on a ground out and came home on Bill Gormley's line single to left. The scoring came to a halt in the fifth when the Legion tallied their final run. Becker led off with a walk, went to second on a wild pitch, stole third and came home on Hess' sacrifice fly to center.

Myers collected two of the four hits Tawney allowed to lead the Legion team. Ridinger and McKenrick blasted the same number for the victors. Tawney receives the win while Becker, who gave up only seven scattered hits, is charged with the loss.

Thrilling Nightcap
A curfew which states that no inning may start after 10:25, halted the VFW-Eagles game just as they had finished the tenth inning. Not one fan left the field during this long extra inning game. They saw plenty of good hitting and pitching and exceptionally fine fielding plays on the part of Jack Codori, Buddy Redding and Ben Little.

Hoak started on the mound for the Vets and was relieved in the top of the sixth by Clarence Dorn who came in and put the Eagles down in order in the sixth and seventh frames.

The Vets tied the game in the bottom of the sixth when Roth singled, went to second on an outfield error and score when Kebil belted a double. Both teams went out in order in the regulation seventh with the score knotted at 4-4.

In the eighth, Guy Crist pounded out a triple and scored on an infield miscue to give the Eagles a 5-4 lead. Once again the score was knotted when Staub, Vets' second baseman, led with a single, went to second on an infield error and scored on Harkins' single to right. In the tenth both teams once again went down in 1-2-3 order.

Buddy Redding led the Eagle team at bat with three singles in five trips to the plate. Fazzenbaker, Staub, Harkins and Roth all poled two safeties for the Vets. Before being relieved, Hoak walked four, struck out none and allowed three hits. In the five innings that Dorn pitched, he allowed one walk,

three hits and struck out six. McGlaughlin yielded one walk, fanned one and allowed 11 hits.

Eastern League

By THE ASSOCIATED PRESS

Wilkes-Barre's Barons, threatened with loss of their Eastern League franchise, have picked on the leaders to start a comeback.

The Barons, mired in seventh place, moved into Williamsport last night and surprised the Grays twice, 6-1 and 9-3, behind the steady pitching of lefty Jim Singleton and George Zackey.

But the twin setback cost the Grays only a half game as Binghamton dropped a 10-4 decision to visiting Elmira and Allentown nudged Reading, 5-1. Binghamton and Reading are tied for second, 2½ games out.

Schenectady returned Albany to its losing ways, 7-3.

Unless Wilkes-Barre attendance picks up this month the city will lose its franchise to Johnstown, Pa. Barons' General Manager Chuck Lucas said he would discuss the situation today with league President Thomas Richardson.

The Barons, averaging 763 at home, need 1,200 to break even. They have 17 home dates in the next three weeks. Several promotions are planned.

The following were chosen as pitchers: Guy Weikert, Fairfield; Bob Smedley, Blue Ridge Summit; Henry Lambert, New Windsor; and Ben Miller, New Oxford.

John Wetzel, manager of Cash-town, will pilot the squad and will be assisted by Mike McGlaughlin, Fairfield, and Helmie Spalding, Thurmont.

Umpires of the Adams County and Cumberland Valley Associations have announced they will donate their services free of charge.

TRAFFIC LIGHTS

not place the storm sewer. Council urged quick action on getting the releases permitting the alley to be ordered because they felt that in time the storm sewer will pay for itself.

Councilman Hartzell reported that the assessor had reduced the assessment on each house in the area by \$1,000 because of the open ditch to the rear of the homes. With 12 homes already in the area, the increased assessment will in time pay for the placing of the pipe, council held.

To Count Traffic

The state is planning, at Gettysburg's request, a count of traffic at the York, Hanover, Liberty St. intersection, to determine whether a traffic light should be placed there, Councilman Fox reported.

Winebrenner was directed to make the annual "flushing out" of a storm sewer at Chambersburg and Franklin Sts. Reports at the meeting indicated "bugs are coming out" of

the storm sewer.

The borough engineer, in response to a question from Councilman Donald Rebert, reported that the streets in the north end of town have been swept. He said his men sweep the streets there "during every college holiday or vacation. Then the cars are gone and we can do it."

May Limit Truck Traffic

Councilman John Millard reported weeds are high in a number of places and the burgess was directed to send out the annual letters, following a survey, directing that weeds be cut.

A complaint on truck traffic on Springs Ave. brought a report that the committee is still studying the ordinance by which the town hopes to ban heavy truck traffic from certain center based streets.

Council approval was given for the placing of the town bunting on the square and four blocks radiating off it on June 18 for the appearance of the Junior Chamber of Commerce caravan here.

Turn Down Land Offer
An offer by Glenn L. Bream of seven feet of his property for a

distance of 400 feet west from West St., along W. Middle St., was turned down by council "with regret and with appreciation and thanks for the offer."

Bream, planning to put in a sidewalk along W. Middle St. and to build along that street, had made the offer in order to widen W. Middle St. at that point as a safety feature. After discussion council reluctantly agreed to turn down the offer, fearing that if the street were made wider for the one block, "it would wind up as a traffic hazard instead of making the area more safe," as several council put it.

Attorney Eugene Hartman asked council to give a quitclaim deed to Willis Schwartz and Carroll Zentz for 6 3/10 feet of land, or otherwise arrange that some action or motion be made by council, which would permit sale of Schwartz' warehouse on Carlisle St. at Railroad St. Hartman said that a prospective buyer wishes to take over the warehouse, which has been a landmark for a number of years. Plans are to renovate the building, "which would improve it as a place of business and improve its appearance," Hartman said. However, he added, surveys show that the warehouse, when it was built many years ago, was built 6 3/10 feet out onto borough property on Railroad St. "The prospective buyer cannot purchase unless he can be assured that he can go ahead with planned renovations, and that is why we are appealing to council," Hartman said. The Highway Committee was instructed to consider the matter and report back next month.

Borough highway employees were reported seeking a raise in pay. The highway and finance committees were asked to study the matter and report back next month.

A request from a property holder in the E. Middle St. area for an extension in time for building a sidewalk and curb was turned down because other property holders in that area also must place curbs.

Believe Hunting Knife Caused Death Of Boy

SCRANTON, Pa. (AP)—A hunting knife believed to have caused the death of 13-year-old Robert Coates of Mehoopany is being examined by police prior to the release of an official finding in the youngster's death.

The knife was found Saturday in a rock pile just 25 feet from where the youth's body was discovered. The scene is approximately one and a half miles from his home.

Officials said they believed the youth had incurred fatal chest stab wounds by falling on the knife. A final report will not be issued, said District Attorney Roy A. Garden of Wyoming County, until the tests on the knife have been finished.

No Planning Ordinances
The letter from Mrs. Craver called council's attention to regulations regarding the placing of ordinances in the hands of the planning commission for study and recommendation before final action by council. Observing that no such ordinances had been turned over to the commission, she urged council to submit them, "because they would be excellent training for the commission in its work." President Oyler said that council has not considered any ordinance this year so far "except a couple referring to alleys."

Can Get U. S. Aid

Oyler said the petition was used "as a means on the part of a large number of people to bring the matter to council's attention. It has been months since any action has taken place. I think the planning commission has been waiting on council and council has been waiting on the planning commission and as a result nothing has been done."

He said he had been assured federal aid would be available if the town engaged a professional planning consultant to begin a thorough study of the borough. "I have asked one of the consultants to report on the cost of having an expert develop a plan for the town and the cost would be \$5,000 or less, and that could be spread over several years. And the federal government would pay half the cost."

Asks Wider Poll

Councilman John Fox asked in what area the petition had been circulated. When informed that it had been circulated mostly in residential areas of the town, Fox asked, "Don't you think the town should be covered completely. We can't promote something like this and shove it down the neck of most of the town. I feel we should get the opinion of all."

Oyler responded that "no zoning ordinance could be passed without holding public meetings to get the opinion of all of the people of the town, not only on the overall plan, but also on the various parts of it. By law, such an ordinance could not be forced on anyone. Everyone would have his say."

Councilman Philip M. Jones said "zoning is the last thing a planning commission does. That comes only after a long study of the needs and problems and requirements of the whole community."

"We can't pass an ordinance for zoning tonight even if we wanted to. I think the planning commission has quite a job ahead of it, there are a great number of things that

Monday afternoon Rev. Dr. George H. Berkheimer, former secretary of Synod, reported that during the year 1954, \$2,303,980.58 was handled by the Synodical office. Of this \$1,294,406.68 was received for apportioned benevolence, which was 109% of the goal. \$212,724.77 or 116% of the goal was received for Lutheran World Action. Special items of benevolence helped make up the grand total.

In relation to membership, the secretary reported that baptized membership in Synod has grown from 255,971 members to 308,976. During the same period communion membership has been increased by 30,006 people.

At the first session the president welcomed into the Synod pastors who have been received from other Lutheran Synods. They are Pastors F. W. Brandt, Osterburg; E. G. Creps Jr., Chambersburg; C. L. Delaney, York; C. P. Gartner, Davisville; F. G. H. Hasskarl, Williamsport; M. A. Heiney, Lebanon; H. B. Helfrich, Harrisburg; V. J. Miller, Duncansville; R. M. Rutter, Millersville; D. E. Straesser, Summerhill; R. E. Thomas, Hanover; G. E. Young, Danville.

Hear Dr. Moll

At the close of the afternoon session the registration desk reported 239 lay delegates and 359 pastors registered.

Dr. Edwin Moll, former director of Lutheran World Federation Work in Palestine, challenged a mass meeting Monday evening of more than 800 laymen of the Central Pennsylvania Synod of the United Lutheran Church in America during the 18th annual convention of that church body at Christ Chapel, Gettysburg College, to continue to "hold out and up the cross as symbolized in the Lutheran World Action emblem of love's working arm." "People are beginning to believe today that there is a Christ, a Christ, because there is a love's working arm," he stated. . . . Dr. Moll pointed out that this arm is generous, brave, strong—and long. He painted vivid word pictures of conditions in Palestine which followed immediately upon partition of that area in 1947, and how Christian action has saved thousands of lives since that time.

"Today there is an orphanage in which are sheltered, fed, clothed and instructed 130 boys, and another of 130 girls. Forty per cent of these are members of the Moslem faith. Since the partition of Palestine, 800,000 Arabs have become refugees, many of them still living in refugee camps. Twenty-two milk centers distribute milk to 40,000 refugees every day. Two million people have been clothed and these 1,750,000 are Moslems. "Mission work in Islam is the most difficult, but it is bearing dividends

will be referred to it, that will keep it busy for a long time. I can't see that we can even consider zoning at the present time, until we have some kind of a plan for town development."

In accepting Mr. Shearer's resignation, the council asked the planning commission to recommend a successor for appointment by council at its next meeting.

LIONS TOLD OF JAYCEE GROWTH

A report on the state Lions' convention and a talk on the program and growth of the Junior Chamber of Commerce by the local president, John Crow, were features of the weekly dinner meeting of the Gettysburg Lions' Club Monday evening at the Shetter House. President Elmer H. Schriver presided with 98 members and guests in attendance.

J. B. Collins, one of the local delegates to the Lions' gathering at Pittsburgh two weeks ago, reported the election of James Heilman, Hallam insurance agent, as the new district governor.

President Crow told the Lions the Jaycees are "a young men's civic organization with civic service and leadership training for young men" as their dual purpose. He told of the growth of the Junior Chamber since its founding in 1915 to its present 2,000 units with more than 200,000 members. He referred briefly to the accomplishments of the local unit since it was re-organized in 1953 and placed an emphasis on work among young people. He closed by reading the Jaycees' creed.

President Schriver appointed Kenneth G. Reinhardt Jr., John O'Brien and Paul Burkholder to the auditing committee.

Councilman John Fox said, "As far as we can determine the committee considering the matter for the school board is opposed to giving the town the land for such a street and, you know, they've got such good reasons that they've got me convinced. I'm opposed to the street myself now."

Complaints concerning soot were reported by council.

Chief of Police Jack Bartlett said that at the direction of the burgess he had made a survey last year, gathering samples of soot from cars in various areas and from chimneys and diesel locomotives. Examination was made by a state laboratory, he said, and "at that time they matched soot on cars from the Hotel Gettysburg and the furniture factories but did not find any soot that matched the residue in the stacks of the Western Maryland locomotives."

Tried To Tap Sound System Of Drive-In

LONG BEACH, Calif. (AP)—Drive-in theater proprietor Milt Arthur encountered a man with a shovel trying to dig under his fence. The unidentified shoveler, pressed for an explanation, said he could see the giant screen from his nearby home, but the sound rarely came through. He said he was trying to hook a speaker wire onto one of the theater sound wires.

"Scram," said Arthur.

CANADA FIRES AIR MARSHAL

OTTAWA (AP)—Canada's air weapons chief has been relieved of his job for what the government considers "highly inappropriate" statements. He said another world war appeared inevitable and the West could "beat the pants off" the Russians.

The remarks were made by Air Vice Marshal J. L. Plant, chief of the Royal Canadian Air Force Technical Services, in a speech last Thursday to a meeting of the Aviation Writers Assn. in Toronto.

Defense Minister Ralph Campney told Parliament yesterday that Plant has been removed from his job and named head of the RCAF Air Materiel Command. The minister said this would remove him from any association with policy matters.

Campney and Prime Minister Louis St. Laurent also announced that steps have been taken to prevent armed service officers from making similar public statements. They said instructions governing public statements will be issued to the three services.

NEW POSTAL PAY RAISE MEASURE TO GET HOUSE OK

WASHINGTON (AP) — The House ticketed for quick approval today a bill to raise the pay of the nation's 500,000 mailmen an average of 8 per cent each.

This would add an estimated 164 million dollars yearly to the postal payroll. Present wage scales were fixed in 1951.

President Eisenhower vetoed a previous 8.6 per cent pay hike and the veto was sustained in the Senate. Eisenhower said that raise was too large and that the bill failed to correct existing inequities in pay scales.

This time, however, an 8 per cent raise is reported to be acceptable to the President. House leaders scheduled it for speedy disposal under suspension of the usual rules of procedure. Thus, a two-thirds margin is required for passage.

Has Passed Senate

The Senate already has passed the measure, but it is slated for a return trip for agreement on two minor amendments added by the House Post Office Committee.

Both changes, noncontroversial in nature, are expected to be accepted by the Senate and the bill sent to the White House for the President's signature.

The measure calls for an average raise of around \$300 a year retroactive to March 1 for the rank and file of postal employees, with larger increases for supervisory employees. The minimum is 6 per cent, with the additional 2 per cent of the total payroll going into salary adjustments. The raise is much higher in some of the top brackets.

PERCY FAITH HOPES TO START RADIO REVIVAL

By WAYNE OLIVER
NEW YORK (AP)—Conductor Percy Faith hopes to start a revival—a revival in radio programming.

Faith, who has a new one-hour musical show on CBS with the nation's biggest five-and-dime chain as sponsor, says that if the program clicks he believes a lot of other big sponsors will troop back to radio.

The Canadian-born composer and conductor isn't antitelevision by any means. He simply takes the view that good music is a field in which TV has little if any advantage over radio.

Depends On Music
"And this is real old fashioned radio in a big way," he says of his Sunday afternoon show broadcast live—something that's becoming a novelty in these days of recorded network radio.

"Radio has to depend on music," he declares. "That's the one big thing it has to offer, aside from news and sports."

Faith says he feels music has not received very much attention in TV, with a few exceptions, but even so the chances of enriching music with pictures are limited.

Faith says CBS statisticians have informed him 26 million cars with radios are on the highways at 1 p.m. EDT when his show goes on the air and if he reaches a pretty good percentage of them he has a large audience right there.

How Networks Rank

Ever wonder how the networks rank in total business volume? Publisher's Information Bureau estimates that for the first four months of the year it was as follows for the TV chains: CBS 62 million dollars, NBC just under 53 million, ABC a little over 14½ million and Du Mont not quite 2½ million. In radio it was CBS 16 million dollars, NBC nearly 11 million, ABC nearly 9½ million and Mutual 5½ million. Overall, network radio is running 18 per cent behind last year and network TV 32 per cent ahead.

Favor Change In Liturgy Of Church

BUCK HILL FALLS, Pa. (AP)—The General Synod of the Reformed Church of America has approved a revision of the church's liturgy—the first since 1904—and sent it to the church's 49 classes to be voted on.

A continuation of church work among Dutch immigrants to Canada was also approved by the synod at its meeting here Saturday. The church reported it has established 20 churches in Canada in the last three years and is in the process of forming 12 others.

The publication of a reformed church hymnal, in cooperation with the Presbyterian churches of the nation, was also announced.

SENATE DRIVES FOR SHOWDOWN ON HOUSING BILL

WASHINGTON (AP)—The Senate drove today for a fast showdown on a controversial multibillion-dollar housing bill.

Its main feature would authorize another four billion dollars of FHA mortgage insurance—enough to last a year at the present rate.

Its most disputed section, as approved by the Senate Banking Committee, calls for a vast Democratic-proposed program of public housing. It would authorize construction of 135,000 units of low-rental dwelling space for the needy each year for four years—540,000 units in all.

Wants Cutback

The Eisenhower administration had asked only for 35,000 units a year for two years, and Sen. Capehart (R-Ind.) announced he will wage a fight to cut the bill back to that level.

Capehart predicted the decision will be close, perhaps by less than half a dozen votes, and he said he expects to win. The Senate agreed yesterday to debate limits on the bill likely to bring final action by nightfall. The House has not acted.

Another section calls for the building of 10,000 special-design public housing units for aged residents. There was no advance sign of a fight over that one.

Slum Clearance

Another huge item would authorize a \$1,350,000,000 military housing program, to provide dwelling quarters for married members of

VORYS TO PRESS FOR LOAN BASIS ON FOREIGN AID

By RUSSELL BRINES

WASHINGTON (AP)—Rep. Vorys (R-Ohio) said Monday he will press for House action to put more foreign economic aid on a loan basis, despite objections by the Hoover Commission and the Senate.

The congressman also said a House move will be made to "tie some strings" to more than 40½ million dollars in aid for Yugoslavia, as the result of Marshal Tito's agreement with Kremlin leaders last week.

Vorys is a senior member of the House Foreign Affairs Committee, which resumes work Wednesday on President Eisenhower's \$1½-billion-dollar foreign assistance program for the year beginning July 1.

Hoover Recommendation

The Hoover Commission on reorganizing the government recommended Sunday that the government continue giving outright grants to nations unable to repay loans, to avoid difficulties and prevent misleading American taxpayers.

But Vorys echoed a view he said was expressed eight years ago by former President Herbert Hoover, head of the commission. He quoted Hoover that nations receiving help have a "better psychology" if they undertake "an obligation of repayment."

The congressman said he will fight to get earmarked as loans at least 50 per cent of 165 million dollars for development assistance to backward nations. The Senate rejected this proposal in approving the bill without major change last week.

ELKTON, Md. (AP)—A Kennett Square, Pa., man was swept from the deck of a boat and drowned on Sunday just off nearby Charles-town beach.

State police said a gust of wind swept 45-year-old George W. Fasset from the deck of his 35-foot sailing craft. Another man aboard the craft jumped overboard in an unsuccessful rescue attempt. Fasset's wife and 7-year-old child also were aboard.

State Trooper David Foster said the body was not immediately recovered.

Oregon Develops New Variety Of Plum Tree

HILLSBORO, Ore. (AP)—Rich and Son Nursery reports it has received a patent on a new tree, named the Oregon plum, developed from the ornamental flowering purple leaf plum, Prunus Pissardi, and the yellow-fruited plum, Shiro.

The new variety retains the blossoms and colored leaves of the ornamental tree. The fruit is cherry red outside and apricot yellow inside, the nursery says.

Growers say a number of new fruits have been developed in Oregon but use of a tree known chiefly as an ornamental is rare.

KING OF LIBYA SEEKS HEIR IN SECOND MATING

CAIRO, Egypt (AP)—Libya's 66-year-old King Idriss made preparations today for a honeymoon he hopes will give him a crown prince. The monarch's other spouse, Queen Fatima, was reported sulking in a village 115 miles northwest of the Egyptian capital.

The King was married on Sunday to Alia Abdel Kader Lam-loun, daughter of a wealthy Egyptian cotton planter of Libyan origin. Before the ceremony Idriss paid a dowry of 10,000 pounds (\$28,700) to the bride's family.

The honeymoon starts Thursday. Until then Queen Alia is staying with her brother, who represented her at the all-male portion of the Moslem rites yesterday.

"This union is a realization of the people's wishes to get an heir to the throne," the Libyan Embassy in Cairo said in announcing the marriage.

What's so "different" about Farm Bureau?

Back in 1926 a group of Ohio families wanted lower cost insurance, so they formed a small company of their own. Farm Bureau was founded by cooperative effort, and this has "set the tone" ever since.

Today we're three companies—auto, life and fire—with almost 2,000,000 policyholders. But though we've grown, we haven't outgrown our original aim—better protection for more people at less cost.

And the folks who make up Farm Bureau still have a strong voice in its activities. Our Advisory Committees of Policyholders meet periodically to help shape the many plans and programs that affect their own security.

We also have related enterprises which help people finance car and home purchasing at less cost, provide loans to distributors of consumer goods...and help people in many other ways.

Originally Farm Bureau was created to help solve the insurance needs of a few imaginative families. Today Farm Bureau helps a lot more people solve other economic needs as well. In short, we're not in business for private gain, but to help people help themselves—and that's the big difference.

GOVERNMENT CLEARS FRESH SALK VACCINE

By FRED S. HOFFMAN

WASHINGTON (AP)—The government has given the sputtering antipolio inoculation program a shot in the arm with clearance of enough fresh Salk vaccine for about a million more doses.

U.S. Surgeon General Leonard A. Scheele announced late yesterday the approval for immediate distribution of some one million cubic centimeters of vaccine made by Eli Lilly & Co., Indianapolis.

A few hours later, the National Foundation for Infantile Paralysis—which is paying for the mass immunization of first and second-grade children—ordered the Lilly firm to ship cleared supplies by "the quickest possible route" to New Jersey, Maine, Montana, North and South Dakota. Children in these states have yet to receive their first shots in a projected three-shot series.

Start Second Doses

At the same time, Dr. G. Foard McGinnes, National Foundation consultant who wired the hurry-up shipment orders to Lilly, said in Atlantic City, N. J., the drug firm would be asked today to send vaccine out of the same million-shot supply to eight Southern and Western states where it would be used for second doses. He listed these states as Florida, South Carolina, Georgia, Mississippi, Alabama, Louisiana, Arizona and New Mexico.

The government and the foundation are aiming at getting two shots into as many of the first and second-graders as possible before the polio season reaches its late summer peak. A third "booster" shot is planned for seven months later.

In his announcement yesterday, Scheele said the million or so cubic centimeters "met the retesting procedures for vaccine which has

already been produced . . ."

To Report Tonight

This was the first newly made vaccine to be released under stiffer production and testing safety standards recently adopted by scientific advisers to the Public Health Service and subsequently accepted by the six licensed vaccine manufacturers.

Some supplies, already distributed and in large part used, were cleared in mid-May after double checks by health service scientists. Still more were cleared last week after adoption of the tighter requirements.

Meanwhile, the surgeon general and his boss, Secretary of Welfare Hobby, prepared for tonight's report to the nation via television and radio—a report which a Welfare Department spokesman said would "tell the American public what the situation is . . ."

According to a tentative schedule released yesterday, the two officials will speak for 15 minutes, with CBS and Du Mont carrying a live telecast and Mutual and NBC radio a simultaneous live broadcast.

The baby escaped injury. Young Arthur suffered first and second-degree burns of the face, arms and legs.

quickly and got the baby from the sofa.

"I went in too," Mrs. Robinson said, "but I couldn't get to Hazel because of the flames. She was in the back bedroom and probably wasn't able to get the door open."

Mrs. Robinson was treated for burns and released from a hospital. Only a year ago fire destroyed the family's six-room home at Licking, Mo. No one was at home at that time.

Reuther Rallies Workers For All-Out GM Campaign

By NORMAN WALKER

DETROIT (AP)—The giant General Motors Corp. today faced a possible midnight strike as the jubilant CIO United Auto Workers drove relentlessly ahead on its guaranteed wage campaign.

Walter Reuther, red-haired 47-year-old UAW president, said he would take charge of the GM negotiations personally to try to get the auto industry's largest producer to match or better terms already won from the Ford Motor Co.

GM's five-year contract expires at midnight and the UAW's General Motors Council planned to convene today to decide whether to okay a walkout tonight or set a future date to provide more time for bargaining.

John W. Livingston, UAW vice president and head of the union's GM Department, said he wanted a GM settlement better than that won at Ford.

"I don't see any reason why we can't do better than they did at Ford," he said. "General Motors

certainly can afford it."

The question was whether GM would go along with the controversial guaranteed wage plan, even in the modified version negotiated at Ford, or would stand firm and buck the plan opposed by so many American businessmen.

Almost Certain Strike

For GM to fight would mean facing an almost certain strike and a major setback in its fiercely competitive fight with Ford for leadership in the auto sales market.

A strike among GM's 325,000 workers also would be a test of the UAW's solidarity. The union's biggest previous strike was the 1945-46 GM walkout involving 175,000 workers.

Meanwhile, debate broke out over the terms of the Ford settlement, embodying for the first time in a negotiated labor contract between a major American industrial firm and union the principle of the guaranteed wage.

New Ford Terms

Ford agreed to pay 5 cents a work hour per employee during the next three years toward a \$5-million-dollar fund to pay out unemployment benefits to workers of up to \$25 a week, supplementing their state unemployment compensation payments.

Ford succeeded in limiting company-financed supplemental jobless payments to a 26-week duration, half a year compared with Reuther's demand for a full annual wage guarantee.

It also managed to hold the aggregate of company and state jobless payments to 60 to 65 per cent of normal pay, instead of the full earnings guarantee Reuther wanted.

Breaks Solid Front

Ford's strategic retreat and holding firm on these two principles may have important significance as a pattern for expected guaranteed wage bargaining in the steel, electrical and other mass production industries. But Ford clearly has broken the solid employer front against the guaranteed wage idea.

Reuther, who also heads the CIO, gave warning that the Ford plan was only a beginning. "It provides the principle upon which we are going to build the guaranteed annual wage," he said. "The Ford Motor Co. is entitled to a great deal of credit for having shown the courage and wisdom for making it possible to pioneer in this important field."

Three-Year Pact

The three-year Ford agreement, assuring labor peace at that firm and perhaps the rest of the auto industry, also provided 6 to 8 cents annual wage boosts for Ford workers, plus important pension, holiday, vacation, insurance and other contract improvements.

Reuther put a 20 cents per hour price tag on the Ford settlement. This is far ahead of the 5 to 10 cents an hour settlements which

Ford leads all low-priced cars

in V-8 power

(with a Y-block V-8 that delivers
new Trigger-Torque "GO")

Of all the low-priced V-8's, only Ford's Y-block V-8 has an extra-deep engine block to give you smoother, quieter, longer-lasting "GO"! This brilliant V-8, with Trigger-Torque response, obeys your commands instantly . . . gives you new confidence in traffic . . . allows you to pass more safely. Ford's short-stroke design and Automatic Power Pilot spell extra savings every mile.

In years-ahead looks

(with styling inspired by the Thunderbird)

Only Ford brings you the years-ahead beauty of Thunderbird styling. The lower roof line, longer body line and flatter rear deck all say "fine car." And inside, the Luxury Lounge interiors feature colors and fabrics appearing for the first time in any car.

In smoother going

(with Angle-Poised Ball-Joint Suspension)

No matter where you go, this advanced form of Ford's Ball-Joint Front Suspension smooths your way. The springs have been tilted to smooth out the bumps from the front as well as the up-and-down bumps.

In modern power assists

(with new Speed-Trigger Fordomatic and new Select-Aire Conditioner)

You can have your Ford as automatic as you want . . . at a price you want to pay. Power can help you shift, steer, stop . . . move windows and seat both up and down . . . even condition the air you breathe.

In choice of models

(with 16 models including
5 different Station Wagons)

No other car offers you so many models to choose from. And in station wagon choice—whether you prefer 2 doors or 4 . . . seats for 6 or 8—Ford has a best-seller double-duty beauty to suit your needs.

and in resale value

(with a higher return on your investment)

The final proof of Ford's extra worth is in its resale value. Ford has traditionally returned a higher portion of its original cost at resale than any other car in its field. Why not get the whole story at your Ford Dealer's. You'll never want to settle for less than Ford.

KNOWS HER FATHER
HOUSTON, Tex. (AP) — Dist. Judge Ewing Boyd, a friendly conversationalist, tells this one on himself: He was late for dinner one night and his wife wanted to know why. Before he could answer, his daughter spoke up, "I can tell you. He met a man who said, 'How are you?' and Daddy told him!"

ACTION WITHOUT TV
WILDER, Idaho (AP) — Members of the Wilder Fire Department were sitting around listening to a fire siren or their television set. Suddenly it struck them they heard two sirens. One was their own, and they rushed out to douse a small blaze at the home of Mr. and Mrs. Willie Patrick.

ALL WORK — DULL BOY
RICHMOND, Va. (AP) — George Baerrels of the Ford Motor Co. says industrial firms benefit "well out of proportion to the cost" in providing recreation for employees. Baerrels told a recreation workers' conference that more than 20,000 companies have recreation programs with over 24,000,000 employees participating.

JUSTICE IN COURT
ROANOKE, Va. (AP) — Judge Beverly T. Fitzpatrick suspended sentence and told the woman prisoner: "Go home and look after those children." An attorney, who had no connection with the case,

backed by Eden, declined to negotiate with ASLEF until the union called off its strike. So far ASLEF has refused to either end the walkout or confer with the NUR.

The peace plan proposed that the question of wage differentials be deferred pending a joint discussion by officials of ASLEF, the NUR and a third rail union—the Transport Salaried Staff Assn.

ASLEF, meanwhile, would negotiate with the Transport Commission for an interim pay raise with the understanding that the NUR was to be consulted in advance of any settlement. Eden would be asked to agree that the commission should negotiate without first insisting on an end to the strike.

The vaccine cannot prevent polio virus from entering the child's body and infecting him. It's intended to prevent those viruses from hitting at his nerves and causing paralysis. The antibodies in the blood can intercept the viruses before they get to his central nervous system.

But he can pass the virus from his body—even though it doesn't harm the vaccinated child—on to other persons, in the normal but still unexplained way by which polio virus is transmitted from person to person. For a time, the vaccinated child can be a "carrier" of polio virus.

LOOK OUT FOR BICYCLES!
WILLIAMSPORT, Pa. (AP) — Police said 12-year-old Wilson Battorf crashed into the side of a moving auto while riding his bicycle. Wilson was not injured and his bike was not damaged. Damage to Mark P. Galletti's car cost \$25 to repair.

FALSE TOKENS
ST. PAUL, Minn. (AP) — Sales on tokens from a defunct out-of-town bus line zoomed when "collectors" found they resembled the ones used in St. Paul buses. The Twin Cities Transit Co. said \$150 worth of the spurious tokens showed up in its coin boxes one month.

ADVERTISE IN THE TIMES

COMPROMISE IS SUBMITTED TO BRITISH UNIONS

By HAL COOPER

LONDON (AP) — A compromise peace plan was submitted today to leaders of rival unions involved in Britain's nationwide railroad strike.

The truce proposal, hammered out by the General Council of the powerful Trades Union Congress, appeared to offer the first hope of a break since the costly rail stoppage began 10 days ago.

Stalemates continued in two other walkouts shaking the nation's economy. With the rail strike, they formed Britain's most serious labor crisis since the general strike of 1926.

Cunard Cancels
Marine stewards in Liverpool and Southampton threatened to widen a wildcat strike which has idled six liners, stranding 2,500 America-bound passengers in British ports. The Cunard Lines canceled round-trip voyages of three of the vessels, ruining vacation schedules of thousands of dollar-spending tourists waiting passage to Europe in the United States and Canada.

On the third strike front, leaders of 20,000 stevedores whose 17-day stoppage has piled up cargoes in seven ports said they saw no prospect of an early return to work.

The rail peace plan turned over to officials of three unions this morning would require ground giving by all parties, including Prime Minister Eden.

Want Wage Differentials
The strike was called by the Associated Society of Locomotive Engineers and Firemen (ASLEF), whose 67,000 members seek restoration of traditional wage differentials over less skilled workers. The differentials were narrowed in an industrywide pay boost last January.

The union is demanding a raise of \$1.20 a week over present base pay of \$27.30.

The British Transport Commission, which runs the state-owned lines, refused to deal with ASLEF separately. It said this union should get together with the National Union of Railwaymen (NUR), representing 400,000 other railroad workers, on over-all wage demands. NUR officials have said that if ASLEF gets its raise, their union also will press for more money.

Terms of Compromise
The Transport Commission, backed by Eden, declined to negotiate with ASLEF until the union called off its strike. So far ASLEF has refused to either end the walkout or confer with the NUR.

The peace plan proposed that the question of wage differentials be deferred pending a joint discussion by officials of ASLEF, the NUR and a third rail union—the Transport Salaried Staff Assn.

ASLEF, meanwhile, would negotiate with the Transport Commission for an interim pay raise with the understanding that the NUR was to be consulted in advance of any settlement. Eden would be asked to agree that the commission should negotiate without first insisting on an end to the strike.

The program, announced today by Council President J. Melvin Frey, Greencastle, features speeches by Dr. Claude S. Conley, Pennsylvania Synod executive of Harrisburg, and Archie F. Pieper, associate secretary of the National Council of Presbyterian Men, New York City. Group discussions will be led by Amos Strickler, Chambersburg; Ivan L. Mease, Hershey; Rev. W. Sheldon Blair, Hershey, and Bayard D. James, Mechanicsburg. The conference will end Saturday afternoon with an installation of new officers and a communion service conducted by Rev. John A. Walker, of Upper Path Valley Church, Dry Run.

Presbyterian Men To Meet At Wilson

"Manpower Unlimited," an address by Rev. J. Charles McKirch, pastor of Pine Street Presbyterian Church, Harrisburg, will keynote the annual retreat and business meeting of the Carlisle Council of Presbyterian Men in Chambersburg Friday.

Laymen and ministers from 48 Presbyterian Churches in southcentral Pennsylvania will gather on the Wilson College campus for the two-day conference conducted by the men's organization. Registration will take place at 5:30 p.m.

The program, announced today by Council President J. Melvin Frey, Greencastle, features speeches by Dr. Claude S. Conley, Pennsylvania Synod executive of Harrisburg, and Archie F. Twisted Trade
SAN DIEGO, Calif. (AP) — L. K. Taylor left by air for Pakistan but he forgot the pretzels he usually takes on air trips. Banker Millard Smith thought it would be sporting to ship a two-bit bag of pretzels to Taylor in that pretzelless place. It took three custom declarations and \$4.50 in postage.

Follows Directions; Walks Into River

COVINGTON, Ky. (AP)—Where's the hospital? Michael Toth asked a bystander.
"Just keep walking straight ahead."
Toth did—smack into the Ohio River.
Fished out by police, Toth, 48, was charged with drunkenness and breach of peace.

Reckless Driver On River Is "Grounded"

DETROIT (AP)—Termed a "menace on land or sea," Louis Morabito was ordered not to pilot a boat for the next four months. He was convicted of reckless driving on the Detroit River.
Morabito already has had his automobile driver's permit revoked.
"And don't take up flying," Traffic Judge George T. Murphy cautioned Morabito.
